

Volunteer Jobs at the Nature Center:

High as the Sky, Wide as you Want!

Be a nature educator and guide school groups on the grounds, take biofacts out to sites in the community, and lead weekend bird and nature walks ... Greet the public, man the phone, and answer visitor questions at the front desk ... Staff the Nature Shop selling merchandise about plants and animals ... Maintain the park's gardens ... Plan special fundraising events ... Perform hands-on research assessing water quality and changing plant and animal communities.
